

13. Mozilla Firefox 65.0 will not be published on CSM

The logo for Software Manager features a stylized laptop on the left. To its right is a circular orange icon containing a white grid pattern and a circular arrow, symbolizing software management or updates. The text 'SOFTWARE MANAGER' is written in a large, bold, grey sans-serif font across the top right of the page.

Last Modified: 13.2.2019

Edited on 13.2.2019: Fixed correct link referring to Mozilla's website.

Background

A bug has been found in the newest version of Mozilla Firefox. The bug blocks access to sites, that are using HTTPS. Bug is related to new HTTPS filtering feature with some AV products. Because of the bug, Mozilla has halted deployment of the version 65.0. You will find more info on the Mozilla's [website](#) .

Effect on CSM

- Mozilla Firefox 65.0 won't be published on CSM.
- CSM support team will publish fixed version on CSM as usual, after Mozilla releases it.
